

Changes from PDD and Revision of Monitoring Plan

ISSUE – Interpretation of para 4 of the CHGPDD procedures

- Para 4 states “*for the changes related to the improvement of accuracy and completeness of the monitoring and/or correct application of the applied monitoring methodology, the DOE shall consider if these can be appropriately addressed through the submission of request for revision of the monitoring plan*”.
- The DOE has applied via both the CHGPDD and the REVMP procedures (many cases the REVMP is the consequence of the CHGPDD)

Clarification of paragraph 4 of the CHGPDD procedures for EB consideration

- The EB may wish to clarify the operation of para 4 of the CHGPDD procedures that:
 - a single request addressing the changes in the project design and the revisions of monitoring plans may be submitted
 - the validation opinion must address the requirements of **both procedures**.
