

Agenda item 3 (c)

Review of progress JISC Workplan and initial consideration for 2012-2013 Workplan

JISC 27

Durban, South Africa, 24-25 November 2011

JISC Workplan 2011-2013: Vision

“firmly establish JI as an effective tool of international collaboration for developed country Parties in mitigating their emissions of greenhouse gases and to provide a robust basis for building upon JI as a means of mitigating greenhouse gas emissions in the period beyond 2012”

Need to revise for 2012-2013?

JISC Workplan 2011-2013: Objectives

- A. Greater efficiency in the continued operation of JI
- B. Enhanced promotion of the mechanism
- C. Effective contribution to the future development of JI

Need to revise for 2012-2013?

Actions & Status

- Process submissions of project documentation  
- Process accreditation cases  
- Develop contingency plan in JI-MAP to save resources 
- Revise provisions for the charging of fees 
- Prepare recommendations to CMP 7 on amendments to fee structure 
- Revise relevant policy guidance documents  
- Explore possible setting of time limits for each phase of JI project cycle  
- Make use of electronic decision-making  
- Consider revisions of guidance to support simple and innovative methodological approaches  
- Revise JI accreditation procedure 

Actions & Status

Develop communication and outreach strategy & workplan  

Establishment of DFP Forum  

Enhance secretariat's outreach activities  

Considering involvement of other stakeholders further to raise awareness  

Engage JISC members more actively in outreach activities  

Actions & Status

Prepare recommendations to CMP 7 on options for building on the approach embodied in JI for first review of the JI guidelines 

2012- 2013 Workplan – Proposed next steps

- Any initial guidance from JISC to secretariat
- Input also to be incorporated from CMP 7
- Presentation of draft JISC Workplan for 2012 – 2013 and 2012 JI Management Plan scheduled for JISC 28
- Implementation – regular reporting including proposed corrections; review in course of 2012 (e.g. to take account of the ongoing UNFCCC negotiation process); and an end of year review of progress and lessons learnt for input to further workplans

Thank you
