

Invitation to JBIC Pavilion and Side Event in CARBON EXPO 2008

CARBON EXPO 2008 Trade Fair and Conference will be held in Cologne from 7 - 9 May 2008. It is world's largest trade fair and conference for carbon trading, carbon abatement solutions and new technologies.

CARBON EXPO 2008 site: (<http://www.carbonexpo.com/>) Following CARBON Expo 2007 held in Cologne last May (link to JBIC participation in this event:

<http://www.jbic.go.jp/japanese/base/topics/070523/index.php>) and Carbon FORUM ASIA held in Singapore last November (http://www.jbic.go.jp/japanese/base/topics/071127_2/index.php), JBIC will again set up JBIC Pavilion and, together with 9 Japanese business firms and Tokyo Metropolitan Government, exhibits Japanese efforts to reduce GHG emissions and cutting-edge environmental technologies.

Also, JBIC will organize Side Event May 8th in which business firms who participate in JBIC Pavilion, including Japan Institute for Overseas Investment (JOI), will make presentations on their activities on low-carbon technologies and carbon trading. The program of this seminar is:
